NEW AMENITIES AT GOOT PARK

Visitors to Goot Park in Camas can now enjoy several improvements including a new swing set and Americans with Disabilities Act compliant restrooms, as well as off-street parking. The $235,000 project was paid for in part with Community Development Block Grant funds. Michael Green Construction of Washougal completed the project. The picturesque 5.8-acre neighborhood park, located in the One Stop area at Northeast Second Avenue and Zenith Street, also has a softball field with backstop and infield fence, play structure, bleachers, one-half basketball court, soccer field, picnic tables, shade trees and open space.
